ABOUT THE SERVICE AUCTION

The Service Auction is a fundraising event where goods, personal, and professional services donated by community merchants, artists, residents and members are auctioned.

Attendance at the Auction is for adults only. All refreshments and food are complimentary, thanks to the generosity of our many sponsors.

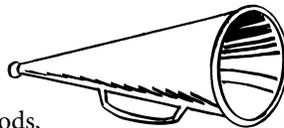

You are receiving this catalog in advance so you can preview the many fine goods and services that will be offered. Please, bring the catalog with you to the Auction or write down your favorite item numbers on the sheet included on page 126.

AUCTION RULES

Every effort has been made to describe items completely and correctly. All items are sold "as is" without warranty or representation of any kind as to the correctness of description, condition or quality.

Each successful bidder is responsible for paying the bid amount. Cash, checks, Visa, Master Card and Discover are all accepted. You may elect to make one payment to cover multiple winning items.

In the event of a dispute, the auctioneer will act as the final authority. Any sales or excise tax will be paid by the purchaser. All items and services must be used within the stated time limit and are subject to the terms and conditions stipulated by the donors. The maximum time limit for any item is one year from the date of the Auction. All sales are final.

**PRE-REGISTRATION
IS REQUIRED.**

The Huntington Woods Men's Club will make every effort to support the sponsored project; however, if the project is unable to be initiated or completed, the club reserves a variance to use any donated funds at its discretion for the benefit of the community of Huntington Woods as laid out in the club by-laws.

**TICKET PRICES ARE \$25 PER PERSON.
TO PRE-REGISTER, JUST STOP BY THE
FRONT DESK AT THE GILLHAM REC
CENTER**

Again this year, we are requiring pre-registration in order to guarantee your admission to the Auction. Last year's event sold out, so don't wait to pre-register!!!

During pre-registration, we will swipe your credit card. This pays for your admission and also allows you to pick up your winning items at the end of the auction.

When you arrive at the Auction, you just pick up your bidder paddle and proceed directly to the auction floor.

Several computer kiosks will be available on the auction floor. As the various sections close and winning bids are recorded, you can enter your paddle number and see which items you've won. At the end of the night, you will verify your winning bids and print a receipt of your purchases.

THE HUNTINGTON WOODS MEN'S CLUB

HWMC: WHO WE ARE

And Why Your Attendance Means a Lot to All of Us

The Huntington Woods Men's Club was formed in 1975 by 24 charter members as a community service organization serving the city of Huntington Woods. Over the years, the Club has grown to over 150 members and has lived up to its charter. Members have volunteered countless time and energy in support of community service activities.

Through the Club's fundraising efforts, well over \$1,600,000 has been raised and donated back to the city for special events and projects. The Club's annual Service Auction each spring is one of the highlights of the year for the Club and the community. We also have three other fundraisers throughout the year: a ticket raffle as part of the July 4th celebration, cider & donut sale in the fall in conjunction with the Women's League and a golf outing to raise money for the Past Presidents' Scholarship Fund. All money raised from Men's Club fundraisers is returned to the community through various projects.

In addition to service, the Men's Club serves a social role through monthly general membership meetings and various family and adult events throughout the year. These fun-filled events further strengthen the community spirit that the Club seeks to promote.

HWMC: WHO WE ARE

And Why Your Attendance Means a Lot to All of Us

2018

HWMC Service Auction Mission

For the past 37 years, the HWMC Service Auction has raised funds to support many significant projects within our community. This year, the 2018 Auction will be raising funds to help the city purchase and install an emergency generator at City Hall and a transfer switch at the Recreation Center for a portable generator. This project has been described by our public safety director as essential to the welfare of Huntington Woods. Local and regional crises that affect our community will happen, and our City needs to be prepared for whatever may come.

The need for an emergency generator system became clear in the winter of 2017 when the City of Huntington Woods experienced wide-spread power outages for many days in some parts of our community. The City was able to open the Gilham Recreation Center as a warming center to assist those residents who were unable to stay in their homes, but this was only possible because the Rec Center had power. Had the power outage been more severe, the City would not have had the ability to house residents temporarily in a warm, safe space.

HUNTINGTON WOODS WOULD BE A LEADER AMONG THE LOCAL COMMUNITIES

In addition to being a warming/cooling center for residents, City Hall will be able to serve as an Emergency Operations Center (EOC). Having a proper EOC for the city would place Huntington Woods as a leader among the local communities when it comes to disaster and emergency response, and give our first responders the resources to assist the residents of our City in the event of a crisis. As experts in the field of emergency preparation say, it's never a question of if an emergency is going to occur, it is a question of when it will happen. DTE, our community's electric energy provider, has acknowledged that the power supply infrastructure in Huntington Woods is aged, but they have no plans to update the service to our community. In the event of another storm like that we had in March 2017, these emergency generators will be able to ensure that lines of communication between the city and its residents remain

should the power outage be widespread. City Hall will also be renovated to better physically serve the needs of residents in the event of a widespread emergency. And should there be extended disruptions to our city's power supply, the Recreation Center will be able to hook up to a portable generator and serve as a shelter for many more people.

WITH YOUR HELP

On February 13, 2018, the City Commission formally voted to include this emergency generator in the 2018-19 budgeting process for the city. They estimate that the project will be completed by June 30, 2019. The Huntington Woods Men's Club is proud to be a major contributor to this necessary City project, and is looking forward to Auction Night 2018 to help provide the city with the financial resources to complete the project. With your help, the 2018 Service Auction will go a long way in making this project become a reality, and provide the residents of Huntington Woods the security in knowing our community has even more ability to respond to whatever nature blows our way.

How The Auction Works

SILENT AUCTION

The Silent Auction is split into six sections or "roads".

- **Lincoln Drive**
- **Huntington Road**
- **Ludlow Avenue**
- **Woodward Avenue**
- **Scotia Drive**
- **Presidents Table**

The items have been grouped into these five sections. Refer to this catalog to find the section for the items you desire.

Each item in the Silent Auction will have a bid sheet that indicates the minimum bid amount and a bid increment. Each line on the bid sheet indicates a different bid according to the minimum bid amount. Write your paddle number next to the bid amount you wish to place. You may bid on as many items as you wish and you may bid on an item more than once.

ALMOST LIVE

Almost Live is a special section of the HWMC Service Auction. Because of the generosity of our donors, there are numerous gifts each year that could be considered for inclusion in the Live Auction. Unfortunately, time for the Live Auction is limited. So, we created not one, but two Almost Live events.

Located along the North wall of the Gillham Rec Center, our Almost Live events start out with our very own "Not Ready for Prime Time" Men's Club Auctioneers taking your bids and writing them on the wall for everyone to see. Then at 8:00pm our Auctioneer Steve Gross will begin closing Almost Live One items in sequential order from 301 to 310, i.e., once 301 is closed Steve will move on to 302, then to 303 and so on until all items are closed. All items are "open" until Steve takes them over and closes them out. Almost Live Two will begin closing in similar fashion starting at 8:20pm.

We would like to thank the supporting sponsors for these Events, Galloway & Collens, P.C., sponsor for Almost Live One and JLR Landscaping, sponsor for Almost Live Two. Look for their banners hanging above the event locations along the North wall of the Gillham Rec. Center. You don't want to miss out on these special items. **Bid early and often** as these gifts are some of the premiere items included in this great event.

MAIN EVENT

LIVE AUCTION

Our Live Auction will immediately follow the Silent and Almost Live events. This year, the Men's Club is proud to have our main event sponsored by Cooper | Glass | Homes. Their banners will flank the screen behind the Live Auction area throughout the evening's activities. Once the Live Auction begins, you simply need to raise your bidder paddle when you wish to bid on an item, and await the auctioneer team to acknowledge your bid. You may bid as often as you wish and on as many items as you like.

SCHEDULE & TABLE CLOSINGS

During the evening, Silent Auction sections will be closed down at different times and two Almost Live events will take place. Below is a schedule of these events. Our Master of Ceremony, Gordy Oliva will make periodic announcements regarding the events and any changes to the times.

Central Park by Victor Spahn

Often referred to as the "Painter of Movement", Victor Spahn is inspired by sports, dancers, and energetic activities. He paints championship sail boat races, rugby matches, prima

ballerinas, and tennis stars – each with the same individual grace and swift motion. His painting and printmaking are a direct result of his extensive work in mosaic techniques. His style suggests movement and dynamism as he captures the essence of a particular moment. Spahn paints with a combination of palette knife and brush and enjoys great success in lithography, serigraphy, and in the creation of hand-embellished graphic works. This work, "Central Park," is a 16" x 20" Giclee on paper, hand-signed by the artist. From the Arabic numbered edition of 450 (150 Arabic numbered European artist's proofs 150 Arabic numbered artist's proofs 150 Arabic numbered hors commerce proofs 15 Arabic numbered printer's proofs and 3 Arabic numbered bon a tirer proof impressions also exists).

Butterfly by Tim Yanke

Tim Yanke was born in Detroit, MI, and he attended the University of North Texas receiving his Bachelor of Fine Arts in 1986. After graduating, he opened his own studio, and had his first exhibition when he was 23 years old, selling 23 of the 26 exhibited paintings. Great abstract painters of the 20th century, like Willem de Kooning, Kandinsky, Klee, Motherwell, Pollock, and Rauschenberg, influenced Tim as he developed the structure of his work. He focuses on a bright color palette to attract the viewer and attempts to cathartically rein all his passion and creative energies into each work. He can't define his technique, either. When asked, he responds that he'll paint with anything that leaves a mark: chalk, house paint, spatulas, tar... he'll use almost any materials to create his works. We are proud to present one of Tim's works, "Butterfly" at auction. It is a hand embellished giclee on canvas hand-signed by the artist. From the Arabic edition of 280 prints (35 hand signed European artist's proofs; 35 hand-signed artist's proofs; 35 hors commerce proofs; 10 printer's proofs, and 3 bon a tirer proof impressions also exist.).
